LA FOLLETTE IS AGGRESSIVE

Wisconsin Senator Declares He Will
Press His Probe Resolution Vigor-
ously and Insist Upon Its Adoption
Without Reference to Committee.
Many Senators of Opinion No Action
Should Be Taken Until Illinois In-
quiry Ends.Washington, April 7.—It was made
apparent in the senate that, if the
case against William Lorimer is re-
opened in that body, the Cummins-
La Follette group will take the lead in
the prosecution of the Illinois senator.The Lorimer case was brought into
the extra session of the senate even
earlier than had been predicted, due
to the activity of the twelve Republi-
can progressives. Senator La Follette
of Wisconsin submitted a resolution
soon after the senate met.Senator Works of California, a Re-
publican progressive, is named in the
resolution as chairman of the commit-
tee. His two Republican colleagues,
Senator McLean of Connecticut and
Senator Townsend of Michigan, are
not classed as progressives. The two
Democratic senators named by Mr. La
Follette as members of the investigat-
ing committee are Kern of Indiana and
Pomeroy of Ohio, both of whom are
classed as "progressive Democrats,"
by the Republican progressives.Senator La Follette asked that his
resolution lie upon the table and it is
understood that he will call it up Mon-
day, when the senate reconvenes, and
make a speech. The fate of the resolu-
tion, in the form in which it came
into the senate, is doubtful. There
was a feeling quite generally among
the senate leaders on both sides, out-
side of the twelve progressives, that
the matter had been put into the senate
prematurely.Senator La Follette said that he in-
tended to press the resolution vigor-
ously and insist upon its adoption
without a reference to a committee.
The plans of senators who are not in
accord with Mr. La Follette were not
disclosed, but it seems probable that a
motion will be made Monday or at the
first convenient opportunity, to refer
the resolution to the committee on
privileges and elections, of which Sen-
ator Dillingham of Vermont will be
chairman. Mr. Dillingham voted
against the resolution to unseat Sen-
ator Lorimer that was proposed and
defeated in the last congress.One of the criticisms of the motion
of Senator La Follette in bringing his
resolution in was that he did not wait
until the legislative investigating com-
mittee had proceeded further with its
inquiry. Many witnesses are yet to
be called and no one can foresee just
what the future may develop, is the
opinion of many of the senators.

AFFECT NORTHWEST STATES

Number of New Bills Appear in Sen-
ate and House.Washington, April 7.—A number of
bills of special interest in the North-
west were introduced in the house
and senate.Senator Nelson offered a bill mak-
ing more definite and drastic the law
aimed at the offense of perjury com-
mitted in connection with land cases.
He also presented a bill appropriating
\$25,000 for the establishment of a
fish hatchery in Minnesota.Senator McCumber of North Dakota
reintroduced the federal grain inspec-
tion bill that has been pending in con-
gress many years.Senator Gamble of South Dakota of-
fered bills opening to settlement all
the remaining surplus and unallotted
lands in the Standing Rock, Cheyenne,
Rosebud and Pine Ridge reservations.
The bill provides an appropriation to
reimburse the Indians for school lands
proposed to be donated to the state of
South Dakota for school purposes.Bills were offered by Representative
Hanna of North Dakota authorizing
the construction of public buildings at
Williston, Valley City and Dickinson,
the sum of \$100,000 to be made avail-
able in each case.The Honeymoon.
For thirty days after a wedding the
ancient Teutons had a custom of drink-
ing a mead made of honey.

GIRLS DOOMED FROM START

Fire Underwriters Make Public Re-
port on Triangle Factory Blaze.New York, April 7.—The board of
fire underwriters has just made public
its report on the Triangle waist fac-
tory fire. The number of dead is put
at 145 and the number of operatives
who escaped at 360.The report shows that, owing to ar-
rangement of the ninth floor of the
building, its crowded and inflammable
condition and the panic among the
operators, packed back to back with
tables ranged against them, not more
than half of those at work there had
a chance for their lives. They were
doomed from the start, it is indicated,
because of the difficulty of reaching
the stair exits, the doors of which
opened inward.NEGOTIATIONS

GOVERNMENT ENVOYS REFUSE

Willing to Make Concessions to the
Rebels but Are Determined to Keep
the President in Power—Rebel Com-
missioners to Washington Assert
That All Negotiations for Peace
Were Fruitless and Have Been
Discontinued.San Antonio, Tex., April 7.—The re-
volutionists are determined not to make
peace unless President Diaz steps
down, and the envoys from the gov-
ernment are just as stubbornly deter-
mined to keep him in power, although
they are willing to make concessions
otherwise. All peace negotiations with
Mexico have come to an end.These are official statements made
here by Juan Sanchez Azcona and At-
torney Jose Vasconcelos, two of the
commissioners to Washington named
by the insurrectos. A letter signed
by insurgent chiefs from all over Mex-
ico and the United States is now be-
ing drawn up to be forwarded to
Francisco I. Madero, the commander-
in-chief of the rebel army, telling him
that no peace can be made except with
the withdrawal of Diaz from power.

STRIKE WHEN IRON IS HOT

Gomez Declares This Opportune Time
for Peace.Washington, April 7.—The adage of
striking when the iron is hot applies
as well to the necessity for arranging
peace in Mexico now, in the opinion
of Dr. Vasquez Gomez, head of the
confidential agency of the Mexican
revolutionists here.Dr. Gomez pointed out that it was
most opportune at present to treat for
peace, but that a month from now,
possibly two months, the revolution
probably will have reached such pro-
portions as to make nothing but a
complete triumph and the capture of
Mexico City acceptable to the revolu-
tionist forces.He believed that although the in-
surgent movement was directed at the
administration of President Diaz they
would be content with a systematic
revision of electoral laws which might
take six to eight months and perhaps
make unnecessary a change in the of-
fice of the chief executive for some
time. He said that inasmuch as Pres-
ident Diaz had endorsed the principle
of no re-election he might voluntarily
relinquish, in the course of a year, the
post which he had held so long.

PESSIMISTIC IN MEXICO CITY

People Know Nothing of Efforts to
End the Rebellion.Mexico City, April 7.—Ignorant of
the character of the measures the
government may be taking to effect
an agreement of peace with the rebels
unofficial Mexico was inclined to be
pessimistic regarding the immediate
future. Both Mexicans and foreign-
ers, who long to see the end of the
revolution, yet hope that the unofficial
negotiations so auspiciously inaugu-
rated at Washington by Minister of
Foreign Affairs de la Barra on the eve
of his departure for Mexico and Dr.
Vasquez Gomez may be continued, but
there is a growing fear of failure.One report was that the govern-
ment had entered into an agreement
that a commission of three men should
be named by each side to formulate
terms of peace, but at the department
of foreign relations no confirmation or
denial could be obtained.

KILLS FOUR AND HIMSELF

Family Troubles Cause of Awful Crime
in Montana.Billings, Mont., April 7.—Cliff Root,
a stockman of the Musselshell country,
murdered four persons and committed
suicide. Those killed were F. A. Beh-
ler, Root's father-in-law; James
Bridges, his stepson; Mrs. Thompson,
sister of his first wife, and his wife,
to whom he had been married only a
short time.The first three were shot and the
head of Root's wife was crushed with
an axe.The murders occurred on Halfbreed
creek, about fifty miles north of Bil-
lings. Family trouble is supposed to
have been the cause.

Former Federal Jurist Dead.

Butte, Mont., April 7.—Hiram
Knowles of Missoula, former United
States district judge for Montana,
died suddenly on an Oregon Short
Line train en route from Ogden to
Butte.

To Extend Eight-Hour Day.

Boston, April 7.—An eight-hour
workday bill applicable to factories
and mercantile establishments in this
state was passed by the house. It
now goes to the senate for approval.

FREDERICK WILHELM.

Crown Prince of Germany
Dines With Italian King.

ROYALTIES DINE TOGETHER

Italy's Sovereign and German Crown
Prince Exchange Felicitations.Rome, April 7.—Exceedingly friend-
ly exchanges marked the dinner given
by the king and queen at the Quirinal
in honor of Crown Prince Frederick
Wilhelm and the Crown Princess of
Germany, who came here to present
the congratulations of the German
emperor and empress on the occasion
of the Italian jubilee. Covers were
laid for one hundred.OCEAN LINER RUNS
AGROUND DURING FOGPrinzess Irene Fast in Sand on
Long Island.New York, April 7.—Seventeen hun-
dred and twenty passengers, within
sight of the first of the big lights
which marked the finish of their trans-
atlantic voyage, spent a sleepless
night on the great steamship Prinzess
Irene of the North German Lloyd line,
fast in the sands off the seaward
coast of Long Island on the edge of
the "graveyard of the Atlantic" and
less than fifty miles from this harbor.
As night fell a high ground swell was
battering the full height of the ves-
sel's superstructure.After running her big nose in the
sand during the fog the liner lay help-
less surrounded by tugs and revenue
cutters. Efforts to pull her free at
high tide failed and because of a
rough sea no transfer of passengers
was attempted pending renewed at-
tempts to drag her clear. If these
fail transfer will be made to the Prinz
Friedrich Wilhelm of the same line,
which will be sent to the scene from
her dock here.

MAYOR SEIDEL HITS COURTS

Says Interests Can Always Find Tool
to Give Verdict.Milwaukee, April 7.—W. C. Leiser-
son of New York, engaged by the city
as a municipal reference librarian, to
assist the lawmakers in framing or-
dinances in the proper manner, was
finally deprived of his job by an op-
inion of the Socialist city attorney.In the courts recently a decision
was rendered that the city cannot hire
outside people for city offices and
Mayor Seidel declared in commenting
on the decision that the "interests"
could always find a tool to give a ver-
dict as they desired.The city attorney now has discov-
ered that the law provides that a per-
son must be a resident three years
before being eligible to hold office.
This destroys the entire Socialist pol-
icy of hiring experts from outside
cities to take charge of important city
departments.

PEARY HONORED BY SOCIETY

Brooklyn Institute Makes Rear Ad-
miral Member of Organization.New York, April 7.—Members of the
Brooklyn Institute of Arts and Sci-
ences, who struck the name of their
fellow townsman, Dr. Frederick A.
Cook, from their roll a year and a half
ago, have presented Rear Admiral
Robert E. Peary with a certificate of
honorary membership in the institute.The presentation was made when
the explorer appeared for the first
time in Dr. Cook's home city to de-
liver his polar lecture at the Academy
of Music.

Control of Senate's Affairs.

Washington, April 7.—That the sen-
ate should have more complete control
of its own business is the opinion of
Senator Root, who introduced a resolu-
tion instructing the committee on
rules to report a rule "to secure more
effective control by the senate over
its procedure, and especially over its
procedure upon conference reports and
upon bills which have been passed by
the house and favorably reported in
the senate."CHANGE NEEDED
IN ARMY PLANScattering of Troops in Little
Posts Is Wrong.

MEANS MUCH LOSS OF TIME.

Democrats in the House Are Moving
Cautiously to Avoid Making Mistakes
That Will Hurt the Party—Champ
Clark Says Harmony Has Prevailed
Since Caucus of Year Ago.

By ARTHUR W. DUNN.

Washington, April 7.—[Special.]—One
thing which the movement of troops
to the Mexican border has demon-
strated, which may result in a great saving
in the cost of maintaining the army
and increasing its efficiency, is the ne-
cessity of abolishing all the small mil-
itary posts throughout the country and
centralizing the army at convenient
points where the officers and men can
receive training and instruction in their
profession and where the troops will
be available in case of need.It was nine days after the orders
were issued before the troops from one
of the biggest western posts could
even get started. Other scattered posts
were not much better. Army officers
are convinced that the Texas move-
ment will show that troops can be
handled more efficiently and with a
great reduction in the cost per reg-
iment in large camps than in the widely
separated commands.

Democrats Are Warned.

The Democrats of the house are mov-
ing along cautious lines so as not to
verify the oft repeated assertion that
the Republicans could always depend
upon the blunders of their opponents
in time of need. It is the intention of
the Democrats to avoid that sort of
performance in the present congress.
They intend to conduct themselves so
as to inspire confidence.At least that is the declaration of
the leaders, who are moving with ex-
treme caution. Champ Clark points
out that since a caucus of Democrats
held more than a year ago there has
never been a party more united than
the Democrats of the house. No such
harmony was ever displayed, he says,
as the caucus of the present house last
winter. No lines have been drawn
against the men who did not support
the party two years ago, and the bit-
terness of that contest seems to have
disappeared.

Proposed Legislation.

It may not be the intention of this
session of congress to enact legislation
outside of the measures for which it
was called, but there is certainly an
opportunity for a great deal of legisla-
tion judging from the number of bills
introduced. Nearly every senator and
representative has reintroduced every
bill which he had in the last congress
which did not receive consideration.The new men not only have bills of
their own, but they are on the trick
of hunting up the bills of their prede-
cessors and introducing them. About
30,000 bills were introduced in the last
house, but only a very few became
laws. It is something awful to con-
template what would happen if all the
congressmen could have their wishes
and pass all the bills they introduce.

"Hot Air," Said Bourne.

Senator Bourne, titular leader of the
progressives, was seen emerging from
the committee room of Senator Crane,
the silent but real leader of the regu-
lars, if they have a leader."What does this mean?" Bourne was
asked, for it rests with Crane whether
he or Bourne will be chairman of the
committee on postoffices. "Hot air,"
said Bourne. "I have simply been get-
ting Murray's hot air for a few min-
utes. That is all you will get in there."
And there was just the faintest twinkle
of an eye on Bourne's part, about as
near as he comes to giving a hint of
what he is thinking.

Jim Mann's Query.

A Democratic congressman, a maga-
zine writer and Jim Mann of Chicago
happened to meet one day last week,
and the Democrat said:"Jim, you had better be careful of
the company you keep. Didn't you no-
tice what Roosevelt has to say about
the muckrakers?""Has Teddy been criticizing the oth-
er muckrakers?" asked Mann grimly.
And the other two just grinned.

Hoodoo Committee.

The western senator who seeks a
place on the District of Columbia com-
mittee is doomed to defeat. Among
the men from the west who have
been defeated in the last few years
were members of that committee
are Hansbrough of North Dakota,
Long of Kansas, Burkett of Nebraska
and Carter of Montana. Several
other senators would like to have a
place on the committee, but they might
find that it means a short service in
the senate.

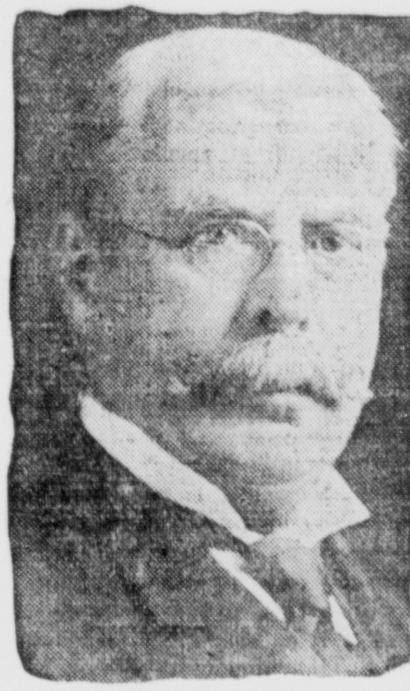

Good For Texas.

"Have you made any protest to the
federal authorities about the invasion
of the Lone Star State by 20,000 Uni-
ted States troops?" was a question ad-
dressed to John Garner, who is a good
deal of a southerner, but more of a
politician."They are spending half a million
dollars a month in Texas to maintain
that army," he replied. "Do you sup-
pose we are going to object to that?
It's a mighty good thing for Texas."

ing houses in London.

HALVOR STEENERSON.

Minnesotan Seeks Position
on Agriculture Committee.

STEENERSON AFTER PLACE

Minnesotan May Land on Agriculture
Committee.Washington, April 7.—Representa-
tive SteenerSON of Minnesota is a can-
didate for appointment to the house
committee on agriculture and the in-
dications are that he will be recom-
mended for the assignment by Min-
ority Leader Mann. The business of
this committee is of direct interest to
Minnesota and the Northwest gener-
ally. It frames the annual appropri-
ation bill for the maintenance of the
department of agriculture and passes
on all legislation affecting products of
the farm, with the exception of mea-
sures dealing with the tariff. It has
been many years since Minnesota has
been represented on the agricultural
committee.FRIENDS OF TREATY
ARE VICTORIOUSConservatives Fail in Attempt
at Vote of Censure.Ottawa, Ont., April 7.—"The Cana-
dian government deserves the censure
of parliament for not having brought
down a statement showing prices and
statistics on all articles included in
the reciprocity agreement with the
United States and the twelve countries
which benefit under favored nation
provisions."This resolution, directed against the
government, was defeated in the house
by a majority of thirty-four on a
straight party vote.In the debate the Conservatives
maintained that the government had
not provided sufficient information to
enable the members of parliament to
vote intelligently. The government
answered that ample statistical infor-
mation had been given.

INTRODUCES TARIFF BILLS

Burleson of Texas Presents Variety
of Measures.Washington, April 7.—Representa-
tive Burleson of Texas introduced in
the house a budget of tariff legisla-
tion bills providing that many articles
be placed on the free list, including
leather, hides, boots and shoes, har-
ness, wire nails of wrought iron or
steel, salt, cotton, bagging, gunny
cloth and other articles.There also were bills by Representa-
tive Sisson increasing to \$100 a month
the salaries of rural mail carriers; the
Sisson joint resolution directing the
attorney general to submit to the su-
preme court all available information
bearing on the validity of the four-
teenth and fifteenth amendments to
the Constitution of the United States,
a measure which originated in the
last congress, and the Foss bill pro-
viding for increasing the efficiency of
the naval militia, reintroduced.

PRESENT CLARK WITH GAVEL

Speaker's Constituents Hand Him a
Novel Article.Washington, April 7.—The business
of the house was interrupted for a
time to permit the presentation of a
gift to Speaker Clark. The gavel is
a gift of the speaker's constituents in
Gallatin county, Mo., and is made of oak
cut from the apron log of the dam of
the first grist mill built north of the
Missouri river in 1817. In accepting
the gavel Speaker Clark said he hoped
his constituents would be as enthusias-
tic about him when he laid the gavel
down as they seemed to be at present.

NEW ULM FOUNDER IS DEAD

the founders of New Ulm, Minn., civil
war veteran and one of the most prom-
inent residents in that section of the
Minnesota German settlement, died
here at the home of his daughter, Mrs.
E. D. Timms. Hummel came to Ore-
gon four years ago to pass his declin-
ing years with his married daughter.

CONFER ON FEDERAL JUDGE

Senators Crawford and Gamble Call
at White House.Washington, April 7.—The nomina-
tion of a federal judge in South Da-
kota to succeed to the vacancy created
by the transfer of John E. Carland to
the commerce court was considered at
an extended White House conference.
President Taft and Senators Craw-
ford and Gamble participated. While
neither Senators Gamble nor Craw-
ford were inclined to discuss the mat-
ter it was said that the president has
not yet made up his mind whom he
will name for the office.The impression has prevailed for
many weeks that James D. Elliott,
former Republican state chairman,
who has the active support of Senator
Gamble, would fail of appointment. It
is the expectation of the South Dako-
ta delegation that the vacancy on the
bench in the state will be filled next
week.

ONLY IN SPECIFIC CASES

Court Rules on Admitting Evidence in
Cowan Trial.Bismarck, N. D., April 7.—Evidence
only on cases that are specified in the
articles of impeachment and charged
to have been delayed by Judge John
Cowan will be taken up by the court
of impeachment, decision to that ef-
fect being made following a long fight
in which leading counsel for the op-
posing sides made lengthy addresses
to the body. The vote was 31 to 16
to exclude such evidence.The question arose on the proposi-
tion of whether or not the prosecu-
tion should be allowed to introduce
evidence tending to prove that Cowan
has been responsible for inexcusably
holding up decisions in a large num-
ber of cases for the purpose of show-
ing that in the filing of certificates
with the state auditor for his salary
he swore to false certificates.

STAMPED ENVELOPES SHORT

Man in Charge at Chicago Refuses to
Make Good.Chicago, April 7.—A shortage of \$8,
500 was reported in the wholesale
stamped envelope department of the
Chicago postoffice. At the same time
Postmaster Campbell said the head of
the department, John J. Daly, had not
appeared at the postoffice since the
shortage was called to his attention
last Monday.Postmaster Campbell said Daly was
told he would have to make up the
shortage, but Daly said he would not.
General James E. Stuart, chief post-
office inspector, later swore out a war-
rant for Daly, charging embezzlement.

CARNEGIE DECLINES TO ACT

Refuses to Head Association to Pro-
mote Arbitration Treaty.New York, April 7.—Andrew Carneg-
ie has declined to become chairman
of a proposed united association of all
organizations now working for an arbi-
tration treaty between this country
and Great Britain. He believes this
is not the time to accelerate public
opinion, but that it is wiser to allow
the United States senate to deliberate
on the form of a treaty, unhastened
and unprompted.

Tennessee for Income Tax.

Nashville, Tenn., April 7.—A resolu-
tion ratifying the income tax amend-
ment to the federal Constitution was
adopted by the Tennessee senate. The
house adopted a similar resolution
several days ago.

AGAINST PLURAL MARRIAGES

In His Sermon Opening the Eighty-
first Annual Conference of the
Church of Jesus Christ of Latter Day
Saints, Joseph F. Smith Says Every-
thing Is Being Done to Trace the
Men Who Perform Plural Marriage
Ceremonies.Salt Lake City, April 7.—The posi-
tion of the Church of Jesus Christ of
Latter Day Saints, or, as it is com-
monly called, the Mormon church, on mar-
riage was reiterated by President Jo-
seph F. Smith in his sermon opening
the eighty-first annual conference. He
said in part:"We ought to obey the rule of the
church with regard to marriage. As an-
nounced time and time again at these
conferences plural marriages have
ceased in the church. There is no man
authorized to perform a plural mar-
riage. We have been doing all in our
power to stop this. We have been do-
ing all we can to trace the men who
are performing such ceremonies. It is
hard to locate them, but when we do
find them we will deal with them.""With respect to the idea proposed
by some, to induce the congress of the
United States to amend the Constitu-
tion to give the federal government
power to regulate plural marriage, so far
as I am concerned I have no ob-
jection whatever to such an amend-
ment. Neither has any other Latter
Day Saint.""Let the state petition the national
congress to regulate the whole sub-
ject of marriage in the United States
and it will be a godsend to the people
everywhere."President Smith announced that
during the year just closed there was
one divorce to each 5,000 church mem-
bership, as compared to one divorce
to each 1,100 persons in the United
States.He denounced the apparently grow-
ing tendency among church members,
as well as in the country at large, to
patronize plays of a vulgar and demor-
alizing character.

Talk about Milwaukee being famous. St. Paul distinguished herself by selling \$8,500,000 worth of the amber fluid last year and did not half try.

Reapportionment stands about as much show of being realized from the senate wing of the present legislature as a democrat or republican would of election at the hands of the socialist party.

A statement has been issued by the socialists of Milwaukee on the defeat at the recent campaign there giving as a reason for the result a combination of progressives and grafters against them. "These form a mass which will be interesting to watch when it begins to ferment," is the closing paragraph of the interview.

The council at Aitkin has set a pace for neighboring villages and cities by boosting the saloon licenses to \$1,500, and at that price there are four applications for the privilege in that place. The council has decided that three drinking places are enough and will grant but that number of licenses. The Argyle village council put the license up to \$5,000 which is prohibitive of any retail liquor store there, which was the object in so doing.

Your Uncle Joseph Cannon thinks that the man elected to represent the First Minnesota district in congress is a pin head, and he does not care who knows it. Cannon is not speaker

and he speaks more plain than he other-wise would. While Congressman Anderson is not a "pin head" he has a long distance to travel before he can fill the place made vacant by the retirement of James Tawney as far as brains, ability and experience are concerned.

BOY SCOUTS OF AMERICA

Bill Introduced in House Drawn by Ass't. Atty. General to Aid the Movement

\$5,000 ANNUAL APPROPRIATION

Bill Provides This Money Should Aid Boy Scouts Outside of Twin Cities and Duluth

There has been introduced in the house by Messrs. Nygren, Mattson, Holmberg, G. W. Brown and Knapp a bill for an act to aid and promote the physical and moral education, development and training of the youth of this state, and appropriating money therefore.

The measure was drawn to aid the Boy Scouts of America movement and is the work of the Assistant Attorney General after having had a conference in the governor's office which was attended by Governor Eberhart, the assistant attorney general, the state superintendent of public instruction, Representative Spooner, chairman of the appropriation committee; Judge Orr, vice chairman of the Ramsey Scout Council and several other members of that organization. It was the opinion of those present that this appropriation would be a proper expenditure of public money—that it was but right that the state, which spends hundreds of thousands of dollars every year to reform boys who have "gone wrong," to assist this movement which is such a powerful agency for forming character and preventing boys from "going wrong."

It will be noticed that the appropriation asked for \$5,000 annually, will be used to assist the Boy Scout movement outside of St. Paul, Minneapolis and Duluth.

The bill reads as follows:
Be it enacted by the legislature of the State of Minnesota:

Section 1. That the sum of \$5,000 be and the same is hereby appropriated out of any money in the state treasury not otherwise appropriated, for each of the fiscal years ending July 31, 1912 and July 31, 1913, in aid and for the promotion of the physical and moral education, development and training of all the youth of the State of Minnesota between the ages of twelve and eighteen years,

along the lines and by means of the methods adopted by the organization known as the Boy Scouts of America. Section 2. The said appropriations shall be expended by the governor of the state of Minnesota, after consultation, if desired, with the Minnesota members of the National Council of the Boy Scouts of America, and shall be disbursed by auditor's warrants drawn on the state treasury upon vouchers duly approved by said governor, and no expenditures shall be made or liability created hereunder unless first authorized by said governor, and such expenditures shall be confined to the expenses of field instruction and demonstration within said state, outside of cities of the first class.

The Boy Scout movement has taken firm hold in Northeast Brainerd and under the supervision of Rev. W. J. Horner, pastor of the People's Congregational church, numerous patrols are being formed and interest in the organization is kept alive by regular gatherings, discussions, drills and "hike" parties. The proposition of selecting a lake site for camping grounds is also being discussed.

To those who have heard of the Boy Scouts but do not understand their aims the following sketch will prove interesting and instructive:

The Boy Scout movement is an organization that provides for the boy a definite program of activities along the line of character building and good citizenship, to fit into the recreational period of his life.

It seeks to foster, instead of destroy, the natural instinct of the boy to form into gangs and cliques, going, however, a step farther by directing the activities of the "gang" into the right channels, showing the boy the relationship which he bears to the community of which he is a part, and through it all preparing him for citizenship of the highest order.

This end is accomplished through the medium of scouting, which is the name applied to these activities in which he engages. The boy is taught to be self-reliant, courageous, resourceful, and is encouraged to learn to do things for himself instead of depending upon others to help him.

No equipment is necessary to carry out the work for most of their things are done outdoors. They are taught such things as practical camp life, but making, how to tie knots, fire lighting, cooking, boat management; how to judge distance, heights and numbers; how to swim. They are taught to be observant and to note and memorize details for and near, such as landmarks, etc., tracking, deducting the meaning from tracks and signs, training the eyesight. They are taught to study animals and birds, plants, stars, etc.; stalking animals with a view of observing them, noticing the details of people, reading their characters and habits. They are taught the old Honor Code of the Knights—Usefulness, Courage, Duty, Charity, Thrift, Loyalty to Country, Obedience to elders and parents, Practical Chivalry to Women, Cheerfulness, Self-improvement and Making a Career, First Aid, Life Saving, Health, Personal Hygiene, Sobriety, Continenence, Cleanliness, Patriotism, National Geography, History and deeds that won our place as a world power, Signalling, etc.

In addition to this a system of Merit Awards makes it possible for a boy to learn the elemental parts of any of seventy-five different trades and vocations. The Boy Scout gives expression to the things which he learns, by seeking to do a "good turn" daily to some person or animal. He finds his own service instead of being assigned. He is, as a consequence, constantly on the lookout for an opportunity to do something for somebody else. He will not accept any remuneration for such service.

Eight boys constitute a Patrol, three Patrols make a Troop. At the head of each troop is a Scoutmaster, a male adult leader who must be twenty-one years of age or over, and must furnish satisfactory references as to his character and fitness to be in charge of a group of boys, before he is accepted by the National Council and permitted to organize a troop.

The movement is non-sectarian. It reaches alike the boys of all nationalities and denominations. It is not military but the virtues of obedience, discipline, neatness and order are Scout virtues. It is not opposed to existing organizations. It is rather a method of work than an organization, and is at present being organized in schools, churches, boys club, boys brigades, Y. M. C. A.'s, playgrounds, and is likewise touching the boy who may not belong to any such organizations. It reaches every boy.

It is estimated that there are at present about 3,000 Scouts in Minnesota. There are approximately from 140,000 to 150,000 boys in the state between the ages of 12 and 18. Less than five per cent of the adolescent boyhood of Minnesota have thus far been touched by this movement.

The Scout movement has been in existence for more than three years, and business men, educators, statesmen, professional men have all endorsed it. The work has been organized in twenty-one different countries. The foremost men of the nation are at present serving on the National Council, of which President William H. Taft is the Honorary President.

The Very Prettiest of Easter Garments

Every manufacturer does not make garments that we will put in our stock. We are most critical in what we select to offer you and our Easter garments are all that you will ask for. They are pretty, are splendid fitting, are well made and most reasonably priced. We shall take pleasure in showing them to you.

Easter Dresses

Perhaps you have seen some of the beautiful ones in the window or perhaps you have seen some of those we show in stock but you have not seen the new ones which came in late yesterday. There are foulards, messalines, voiles, serges, challies, wash dresses and of other good cloths. Your Easter dress can be purchased for \$9.50, \$12.50, \$15.00, \$20.00, \$25.00 or \$30.00 just as you choose.

Pretty Easter Coats

There is no spring garment made to compare in service with a long coat. It is the ideal garment for it is so serviceable not only in the spring but is just what is wanted in the summer time to slip on over light dresses of evenings. We have large selections for all from the 2 year old to the woman requiring a size 45.

Easter Suits

When the season first opened there was much doubt as to the popularity of suits but as the season has advanced they have gained in favor. Suits are selling in large quantities in the cities. The best selling styles are the plain tailored ones and we are showing some beautiful ones made by Macpherson & Langford and Wooltex. Why not spend a moment with our suits.

Children's Easter Dresses

Just a new line and such styles. They will please any mother no matter how exacting she may be. They are well made too. So well made that it is one of their best features. Nor are there but one or two styles to select from. We have many styles. Sizes from 2 to 14 years and priced from \$1.00 to \$3.50. You see them and you will not have yours made.

And now as to Your Easter Dress Accessories

There are the Easter gloves, Easter hosiery, Easter neckwear, Easter handkerchiefs, and so many other things which go to make your Easter costume complete. We are preparing to have all you will ask for in this line. Look at our windows, look into our show cases, make a frequent visit to our daylight store and profit by the beautiful things we show.

IRON EXCHANGE HOTEL OPENS

Nicholas Lauer is Proprietor of the New Hotel Which Opened Last Evening

CONDUCTED ON EUROPEAN PLAN

45 Room Hotel, Beautifully Furnished and Equipped, Provided With all Conveniences

Last evening witnessed the opening of the new "Iron Exchange Hotel" on Laurel street. Its proprietor is Nicholas Lauer, well known as a hotel and restaurant man who formerly conducted the Horse Shoe restaurant almost on the same site.

Mr. Lauer has done his best to provide a comfortable and convenient 45 room hotel conducted on the European plan. All furniture, fixtures, furnishings, carpets, etc., are brand new and most appropriate. On the first floor is the lobby, the dining room with nine tables, the kitchen and its numerous pantries. Adjoining the spacious dining room and reached by a separate entrance is the buffet with its metropolitan appearance. On all sides the visitor is impressed by the amount of light which the floor receives. The dining room facing Laurel street is veritably one with a solid glass front. High ceilings add to the appearance of the rooms.

Ascending the stairs one may view 12 handsome rooms on the second floor, each provided with furniture of the Mission style, with solid metal beds of the Venice-Martin style and with comfortable rugs on the polished hardwood floors. Each floor has its bath and toilet rooms and linen closets. As fire protection there is placed in each bath room a reel of hose long enough to reach any part of the floor and with an ample supply of water the hotel force in many cases, will be able to successfully quench any ordinary fire.

On this second floor is also found the ladies parlor, a very convenient rest room. Another attraction is the installation of two private dining rooms on the second floor.

The third and fourth floors have additional guest chambers, the furniture and fixtures being similar in design. The style of finish throughout is mahogany. The hotel is provided throughout with electric light, patent switches and electric bells.

In the basement are the lavatory, laundry and store rooms.

The scale of prices will be 50c, 75c and \$1.00. Mrs. Lauer will have charge of the kitchen and is a most experienced cook. Mr. and Mrs. Lauer are young, energetic and ambitious and are assuer of abundant success in their new venture, and their aim to make the "Iron Exchange Hotel" a first class institution is certain to be realized.

A Talented Organization

On Thursday evening, April 13th, the theatre-goers of Brainerd will have the opportunity of hearing the "U. of M." musical organization give its "Evening of Mirth and Melody."

The membership of the Glee and Mandolin Club is made up of thirty-five of the most talented singers and musicians among the four thousand male students at Minnesota's great university. The student body as a whole who either by fortune or by hard work have had a chance to develop their abilities to the full. Each fall as soon as college opens the old members of the club meet and set a date for the trial of new candidates. On that date all of the talented men of the student body come to try for the vacant places. It is no small honor to be chosen and the boys often work hard for a year in preparation for the trial. Even the old members have to look to their laurels for if new men show greater ability as players or singers their places are lost. Personality and gentlemanliness also play a large part in the selection of members as the representation must be one to be proud of. The members of the club will be entertained in the homes of Brainerd people during their short stay here. In a very few years each member of this club will be out of school and take his place in the industrial and political activities of this state. Make him remember Brainerd by his short stay here on their annual vacation trip of 1911.

The Glee and Mandolin Club is being brought to Brainerd through the efforts of the university of Minnesota graduates living in this city. The proceeds of the entertainment will be given to the Y. M. C. A.

NOKAY NOTELETS

About one hundred and twenty friends gathered at Greenaway's hall last Saturday evening to bid farewell to the families of Alfred Carlson and Peter Stranne, who left for their Dakota homes this week. A lovely set of silverware was presented to each family as a token of friendship from the community. Andrew Peterson made the presentation speech to Mr. and Mrs. Stranne and J. H. Dickinson to Mr. and Mrs. Carlson. Both speeches were responded to in a most feeling manner by the recipients. Thanks are due Mr. Gres Francene for the businesslike manner in which the party was handled. Alfred Wickham returned home Sunday after a winter spent in the Canadian woods.

Mr. Walter Smith held services in the hall on Monday of last week. A Sunday school was organized.

Miss Nettie Paddock, of Dakota, is the guest of Mrs. Carr Cooley. Frank Ferguson and family expect to move to Canada in the near future.

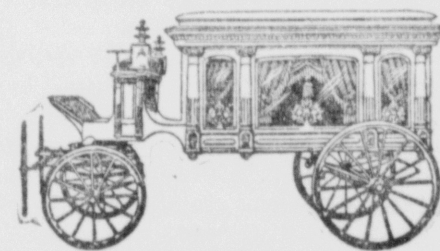

Mr. J. C. Barber is expected at any time, but no one seems to know anything definite.

The struggle for the "500" championship between Brainerd and Nokay was decided in Brainerd's favor last Saturday. Who said something?

kay was decided in Brainerd's favor last Saturday. Who said something? A basket social and dance will be given at Greenaway's hall on Saturday night for the benefit of our ball team.

Chas. Peterson came over from Ironton Saturday to attend the party. Mr. and Mrs. Roy Dickinson came out from town on Saturday and returned home Monday.

Last Saturday a brand new type of automobile appeared in Nokay Lake with a cow as its sole occupant.

Credit for the invention is due to M. W. Wickham, J. H. Dickinson and Roy Cook. The trial trip was made without any mishap, with Roy's hand on the throttle, Wickham flagging ahead and Dickinson double heading.

Mrs. J. Edwards made a business trip to Brainerd last Friday.

West Mulholland has rented Alfred Carlson's place and will soon move over there.

Say, Dick, what about that April fool calf?

This Handsome Rogers Orange Spoon FREE

With "Sunkist" Orange Wrappers

In order to get you to try "Sunkist" Oranges and "Sunkist" Lemons and thus learn their excellent quality, we will send you free the beautiful Rogers Orange Spoon here pictured on receipt of 12 "Sunkist" wrappers and 12c to cover charges, packing, etc. You will find both "Sunkist" Oranges and Lemons at nearly every dealer's, packed in individual paper wrappers that bear one of the trademarks shown below. If they are not packed thus, they are not the "Sunkist" kind, but an inferior fruit.

"Sunkist" Oranges—Choicest Fruit

"Sunkist" Oranges are California's choicest fruit—the select inspected crop of 5,000 orange groves. No other orange is so sweet, rich and juicy. They are thin-skinned, seedless, fibreless, tree-ripened, firm and solid. All are hand-picked. No fallen, bruised or over-ripe oranges. Each "Sunkist" is a perfect specimen, as delicious as if plucked fresh from the tree.

Buy "Sunkist" Lemons—which are of the same high quality as "Sunkist" Oranges—solid and sound. "Sunkist" Lemons are so juicy that two of them go farther than three of any other kind, in the preparation of desserts, sauces and temperance drinks. Tell your dealer you want "Sunkist" Oranges and Lemons.

Save the Wrappers and secure a complete set of beautiful, useful orange spoons. In returning, please send one-cent stamps when the amount is less than 24c; on amounts above 24c, we prefer money order, express order or bank draft. Don't send cash. We will be glad to send you complete list of valuable premiums. We honor both "Sunkist" and "Red Ball" wrappers on premiums. Address **CALIFORNIA FRUIT GROWERS' EXCHANGE** Chicago, Ill.

YOUR REGULAR JOB

of feeding the furnace won't be such a long one if you use our clean freeburning coal. For every shovelful you put in will mean more heat than you ever got before from the same quantity of coal. Consequently you need less coal and have to do less shoveling. See the point?

A Double Surprise.

Funniman—Now, there's your husband coming. Mrs. Candor. Let's make a little surprise for him. Mrs. Funniman and I will hide behind the curtains here, and you tell him that your expected guests haven't come. Then we'll step out and surprise him. (Enter Mr. Candor.)

Mrs. Candor (obeying orders)—Well, Henry, our expected guests have disappointed us—Mr. and Mrs. Funniman haven't come.

Mr. Candor (heartily)—Thank heaven!

Saved His Mother's Life
"Four doctors had given me up," writes Mrs. Laura Gaines, of Avoca, La., "and my children and all my friends were looking for me to die, when my son insisted that I use Electric Bitters. I did so, and they have done me a world of good. I will always praise them." Electric Bitters is a priceless blessing to women troubled with fainting and dizzy spells, backache, headache, weakness, debility, constipation or kidney disorders. Use them and gain new health, strength and vigor. They're guaranteed to satisfy or money refunded. Only 50c at all druggists.

LAST UNION MEETING

"The Question of the Ages", By Rev. Davis at the Baptist Church Tonight

The last meeting of the three weeks union religious services which have been in progress in the city in connection with the pastors and members of the Baptist, Presbyterian and Methodist churches, will conclude tonight at the First Baptist church.

The service last evening saw a large congregation present, the Rev. C. B. Hilton, the preacher of the hour, delivering a most effective sermon on "What Shall This Man do?" It was a message bearing on personal responsibility and Christ following, rather than being interested in what others were doing, several manifested an interest in the Christian life at the close of the service.

The service tonight will have as its preacher, the Rev. Charles Fox Davis, who will take as his message, "What Shall I do then With Jesus the Christ. Pilate Question and Ours." Service at 7:45.
